At Free Flow Physical Therapy, PLLC payment is due in full at the beginning of each session. We in turn, provide a detailed invoice for you to submit to your health insurance carrier. A universal health form (HCFA---1500) can be provided if you wish. We suggest that you contact your health insurance carrier before your first visit and use our Patient Insurance Worksheet. It is provided as a checklist to ensure you ask the right questions. It is *your* responsibility to understand your health insurance coverage, know how to get reimbursed and at what level.

Prescriptions/Referral

Please bring with you a current prescription from your New York state licensed physician or nurse practitioner. Even though, NY state has direct access to physical therapy and the law provides for a limited number of sessions (10 or a period of 30 days) before a prescription is required, your insurance company will likely require a prescription before they provide coverage. If you are a Medicare patient, you are also required to return to your physician every 60 days to renew your prescription for physical therapy.

What to Bring

For new patients, please bring your valid prescription, current health insurance card and all of the above forms. Or, please come early so that these can be completed. For returning patients, please bring your valid prescription, current health insurance card and updated patient insurance worksheet.

Lateness

Your promptness is greatly appreciated. Renee respects your time as a consumer, and tries not to have you sitting 'in the chairs'. She herself runs on time, as best as possible, and asks that you do the same.
